

The following physicians have an ownership interest in Gateway Surgery Center, along with Carolinas Healthcare System–Northeast (CHS-NE). This means that the fee for the use of this facility may go to these investors. All of these physicians are members of the staff of CHS-NE located nearby. You have the right to choose to have your surgeon perform your surgery at CHS-NE instead of Gateway Surgery Center. Please notify your surgeon so he/she can make the necessary arrangements.
